Real Life 4 Kids is thoroughly enjoyed by the Grade Five pupils of Umhlanga College. It is possibly the most anticipated event of their year! Not only do they get to experience school in a new way, but they learn many life skills in the process. Insurance, salaries, bus fare, jobs and fines all become a reality for them as the game plays out. They navigate their way through tenders and bridge construction, house-building and banking charges, and are always keen to make a quick buck off of their teachers! The Real Life 4 Kids experience is truly one not to be missed!

Abigail Taylor Knox – Grade 5 Teacher
